COPY OF
Whately Town Warrant

1929

COMMONWEALTH OF MASSACHUSETTS

FRANKLIN, SS:

To William H. Sullivan, one of the constables of the Town of Whately in the County of Franklin,

GREETING.

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Whately, qualified to vote in elections and town affairs, to meet in the Town Hall, in said Whately, on Monday, the fourth day of February, next, at ten o'clock in the forenoon, then and there to act on the following named articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article II. To choose all necessary Town Officers for the ensuing year: Town Clerk; one Selectman for three years; Auditor; one Assessor for three years; one School Committee for three years; one Library Trustee for three years; one Cemetery Commissioner for three years; Tree Warden; Elector under the Will of Oliver Smith; Tax Collector and Constables.

Article III. To receive the reports of the various Town Officers and Committees, and act thereon.

Article IV. To raise such sums of money as may be necessary to defray the expenses of the town for the ensuing year.

Article V. To see what the town will do with the money received from the County, called the Dog Fund.

Article VI. To see if the town will make an appropriation for the Public Library.

Article VII. To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1929; and to issue a note or notes therefor, payable within one year; any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article VIII. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to refund revenue loans.

Article IX. To see if the town will raise and appropriate the sum of $175.00 to be paid to the Trustees for County Aid to Agriculture in accordance with the provisions of, and for the purposes of, Chapter 128, Sec. 45, of the General Laws, or for the support of demonstration work under the direction of the agent or instructors of the Trustees on land owned by the town or any resident thereof.

Article X. To see if the town will choose a director in accordance with the provisions of Chapter 128, Sec. 41, of the General Laws, to serve for one year.

Article XI. To see if the town will appropriate money for the care of the cemeteries for the ensuing year.

Article XII. To see if the town will appropriate a sum of money sufficient for Gypsy and Brown Tail Moth work.

Article XIII. To see if the town will vote to appropriate a sum of money for Street and Signal Lights.

Article XIV. To see if the town will vote to appropriate a sum of money for the maintenance of Highways under the provisions of Section 26-29, Chapter 81, of the General Laws.

Article XV. To see if the town will appropriate a sum of money for the removal of snow from the highways.

Article XVI. To see if the town will vote to raise and appropriate the sum of $27,030.00 for the maintenance of schools for the ensuing year, or take any action thereto.

Article XVII. To see if the town will vote that the Selectmen be authorized to prosecute and defend all suits that may be brought on behalf of, or against, the town, and employ counsel for same.

Article XVIII. To see if the town will take any action relating to fire fighting equipment.

Article XIX. To see if the town will appropriate the sum of $3,000.00 for the construction of an Improved Road, on the so-called River Road, in accordance with the provisions of Section 34, Chapter 90, or take any action thereto.

Article XX. To see if the town will vote to appoint a committee to make investigations as to the advisability of incorporating for the purpose of creating a Cemetery Association or take any action thereto.

And you are directed hereby to serve this warrant by posting up attested copies thereof in two public places in said town, seven days at least before time for holding said meeting.

Hereof, fail not, and make due returns of this warrant with your doings thereon to the Town Clerk, at the time and place of meeting aforesaid.

Given under our hands this twenty-sixth day of January, in the Year of our Lord, one thousand nine hundred and twenty-nine.

WILLIAM G. STRIPPE,
ALBERT B. ZASKEY,
JAMES J. CAREY,

Selectmen of Whately.

Town Clerk's Report

NOTICE

ALL DOGS MUST BE LICENSED ON OR BEFORE MARCH 31st, 1929

Extracts from Chapter 140, General Laws of Massachusetts, Section 137. The owner or keeper of a dog which is three months old or over shall annually on or before March 31, cause it to be registered, numbered, described and licensed for one year from the first day of April following.

Sec. 138. The owner or keeper of a dog may at any time have it licensed until the first day of April following and a person who becomes the owner or keeper of a dog after April first which is not duly licensed, and the owner or keeper of a dog which becomes three months old after March 31 in any year shall, when it is three months old, cause it to be registered, numbered, described, licensed and collared as required by preceding section.

Auditor's Report

Whately, Mass., January 17, 1929.

I have examined the accounts of the School Committee, Selectmen and Tax Collector, and compared them with the books of the Treasurer, and find as follows:

The Treas. has paid Selectmen's orders of	$90,249.41
The Treas. has paid Selectmen's orders on Tractor Fund of	762.94
The Treas. has paid School Committee's orders of	25,126.00
Total of all orders drawn and paid	$116,138.35
The School Committee have outstanding orders of	$ 1,518.53
I find in the hands of the Treas. and due the town	243.24
The Tractor Fund has no balance (see report)	
Uncollected property taxes of 1927	3,245.72
Uncollected property taxes of 1928	16,643.20
Abatement property taxes of 1928	9.80
Balance uncollected property taxes of 1928	16,633.40
Uncollected poll taxes of 1928	8.00
Total outstanding taxes	19,887.12

W. E. SANDERSON, Auditor.

Report of Cattle Inspector

The annual Inspection of animals for the Town of Whately, for year ending 1928, has been completed.

I have visited 170 stables, and found them to be neat. There were 767 cattle, 176 swine and 14 sheep, and have quarantined 10 cows during the year.

This year starting January 1, 1929, I wish the public would consider the Tuberculin Test. This is given by the State free of charge. The State has increased its allowance for reactors from $25 to $50 for grade cows, and for accredited herds to $100.00.

NELSON SANDERSON,

Inspector of Animals for Whately.

REPORT OF

Gypsy and Brown Tail Moth

SUPERINTENDENT

To the Selectmen:

The moth work had to be done more hurriedly this year owing to the small sum of money appropriated for this use.

It will be necessary this spring to be very thorough if we wish to keep the moths and nests destroyed, that we may not be in quarantine some parts of the year like our neighboring towns.

I am advised a sum is necessary each year for advertising, therefore, I cannot have the use of the entire sum appropriated however large or small.

May I ask for at least $200.00 for this work this year?

Respectfully submitted,

JOHN J. FINN, Superintendent.

REPORT OF THE

Superintendent of Schools

To the School Committee:

Town of Whately

As one studies the Whately schools he finds it difficult to think of them in common terms. He thinks of the two Center schools, of the East and the South and the West schools, each doing good, every-day work, but to think of them as a unified system with a common center of effort and common needs is, indeed, difficult. This is due to the widely scattered location and the rather small units of organization. It is not merely an administrative problem involving the school authorities but it has its effect upon some important phases of pupil relations and activities, and even affects the financial side of local education. These are conditions which cannot be entirely overcome but I am planning during the remaining months of this school year some unifying activities which I hope will bring us closer together in some forms of our school work.

Miss Brassard, teaching principal at the East School, resigned in June, as did Miss Dwyer of the same school. Miss Isabel Bullis, supervisor of music, also resigned in June. Miss Bullis had a real place in the affections of the pupils and teachers and her departure was deeply regretted. Miss Thelma Adams took up the music work in September with promising results. The registration in the East Whately grammar school steadily declined during the year and the school was opened in September with 4 teachers instead of 5, with Miss Dorothy O'Brien as principal. A few 7th grade pupils were transported to the Center School without extra charge and the change was

made without overcrowding in either school. This leaves a vacant room in the East school which is convenient for the general uses of the school. The South school has increased in membership to 27 pupils including 8 grades of work. This is too heavy a registration for such a combination of grades and should not be tolerated. Yet there is no additional room in the upper grades of the Center school for more 7th or 8th grade pupils. The 5th grade was retained in the West school this year as there were few pupils entering this school. There are 21 pupils in grades 1, 2, & 3 at the Town Hall. Though excellent work is done in this class, the pupils work under some discouraging and discomforting conditions which should not be allowed in our schools.

I have gone somewhat into detail regarding these matters because of a situation in which it appears that for a school registration of 250 pupils in the local schools we have 5 school centers or units, each accommodating from 3 to 4 grades. The first 3 grades are taught in 4 different schools, 4th and 5th grade work in 3 schools, 6th and 7th in 3 schools and 8th grade in 2 schools. There is serious division of a teacher's time when she is required to instruct 3 grades and a loss of efficiency in having 4 teachers doing what 2 could do with better results. Leaving the East school out of the plan, all of the 1st and 2nd grades consolidated, would constitute only a fair-sized class. The same would be true of the 3rd and 4th, and the 5th and 6th grades. This is a grouping requiring one less teacher than now employed in these grades. A representative of the State Department of Education who visited the schools last Spring, in a communication to the School Committee criticizing this scattering of effort, suggested one plan of distribution by which this difficulty could be overcome.

Distribute classes as follows:

Grades 1 & 2	Center School	1 Teacher
Grades 3 & 4	Center School	1 Teacher
Grades 5 & 6	South School	1 Teacher
Grades 7 & 8	South School	1 Teacher

This would utilize the now vacant room at the South school and eliminate the use of the West school and the Town Hall room. The latter room never was, is not now, and never will be suitably adapted for school purposes. A light-measuring device employed by the Inspector showed one of the middle desks receiving but 50% of the light it should have. There are other wellknown reasons for its discontinuance as a classroom. The plan would save the salary of one teacher but would involve additional transportation, one-half of the cost of which is paid by the State. It seems advisable to consider this plan or some modification of it in view of the disadvantages now existing and the probable attitude of the State Department of Education regarding present arrangements. Such a change cannot be profitably made without some unanimity of opinion in the homes of the community. I am aware of a reasonable uneasiness in the minds of parents in regard to the transportation of small children. Yet the distances involved are not great and the time consumed in transportation would be short. In view of the saving in fuel, janitor service, and other maintenance charges, there would be no great difference in expense and the children would be housed in 2 modern, well-equipped, brick, school buildings.

WHATELY PUPILS IN HIGH SCHOOLS

Nearly all of the large class of pupils completing the 8th grade last year entered advanced schools in September. One pupil from the East school entered the Freshman Class in Deerfield High School directly from the 7th grade and has maintained her position on the Honor Roll of her

class from the first. There are 22 Whately students in Deerfield High School this year and 12 others in Northampton schools. Whately was represented in the graduating Classes of four secondary schools at Commencement last June. While there has been no great increase in the number attending this year, students are showing an increasing tendency to remain in school until courses are completed. It is also noticeable in the local schools that while the entering classes are becoming somewhat smaller, yet, pupils are remaining in school longer than formerly. These facts indicate not only an increasing appreciation of the value of our educational opportunities but ambition and ability upon the part of our youth--"Education is not a charity but a national defence."

I am glad to include the reports of the Music Supervisor and of the valuable activities of the School Nurse in our schools.

A tabulation on the last page of the report shows the registration in the different schools and a gratifying increase in percentage of attendance during the year.

I appreciate the many courtesies so generously extended to the teachers and myself by the Committee, town officials and citizens.

Respectfully submitted,

MARVIN E. JANES,
Supt. of Schools.

Dec 31, 1928

REPORT OF

Supervisor of Music

Mr. Marvin E. Janes,
Superintendent of Schools:

Dear Sir:

I herewith submit to you my first annual report for the Whately Schools.

The work in these schools has been very interesting to me, and it is with pleasure that I welcome my day each week in Whately.

As in other schools, we try to teach the children the fundamentales of music, so that they may learn to seek pleasure in it for themselves. The hardest thing, I believe, in classroom work, is to keep children from singing mechanically. In working on a song day after day for accuracy, they are apt to lose the real beauty. We work particularly in our classes for tone. The final desire in singing any song, is to interpret it to the best of our ability, and as the composer intended it.

The teachers have been particularly helpful in the work, and I take this opportunity to thank them for their splendid cooperation at all times.

Respectfully submitted,

THELMA B. ADAMS
Supervisor of Music

ANNUAL REPORT OF

School Nurse

FOR 1928.

Mr. M. E. Janes,
Superintendent of Schools,
Whately, Maasachusetts.

My dear Mr. Janes:

Miss Mabel C. Bragg, Asistant Superintendent of Schools in Newton, whose health education methods are known the world over, lists as the first thing required of Newton teachers regular weighing and measuring of the children in their rooms.

To make it possible for Whately teachers and pupils to take a forward step in health education, your nurse has suggested that scales be placed in at least two of the schools this year.

It has been impossible with the limited time which can be spent on each health activity to weigh all the children more than twice during the school year. Children become keenly interested in following the rules of health when month by month they see the gain they are making. Weighing time can be made a source of real help to each child if the teacher uses the opportunities it presents to teach the child what he needs to do, to attain and keep health.

Prevention is the keynote of good health work of any kind and this is especially true of school work.

Scarlet fever was successfully prevented from spreading beyond two families through the close supervision, in-

spection and cooperation of the Board of Health, School Committee, Superintendent of Schools, physician, nurse and parents. Together we can accomplish much, but divided we suffer the consequences which epidemics bring to a community.

Because the school physician knew what X-Ray treatment could do for an uncommon form of skin disease, one child is completely free of this disease which usually increases until a large part of the body is covered with ugly scaly sores. It was my privilege to take the child for the first X-Ray treatment.

Another child was taken to Boston, to have her eyes straightened. While in the hospital she was given the proper shoes and taught what to do to prevent the necessity for an operation on her foot and heel tendon of which has been shortened since birth.

Nine children were vaccinated by the school physician at the clinic held in June.

Twenty-one children were examined by chest experts from the Westfield State Sanatorium at the chest clinic. Five out of fourteen who received the tuberculin test, reacted positively. Four children were taken to the Westfield State Sanatorium for X-Ray examination.

Four boys were given health training and care for a period of three weeks each at the Greenfield Health Camp during the summer. The South School won a certificate for twelve consecutive weeks of health crusade work. The children in this school were entered in the Blue Ribbon Contest to find the healthiest children in Franklin County. One child won a Blue Ribbon.

A constant effort is made to stimulate the practice of health habits by both teachers and children because we know health is more precious than wealth.

Your nurse is proud indeed, to work for and be with you all.

Respectfully submitted,
ELSIE F. SMITH, R. N.
School Nurse.

REGISTRATION AND ATTENDANCE
WHATELY SCHOOLS

SEPT. TO DEC. 31, 1928

School		Registration	Percent of Att.	Teacher
Center	1-3	21	98.1	Dorothy Strippe
Center	4-5-6	27	*98.3	Argie Strippe
